

Overview

Redalpine Fund III

Firm AUM: \$1-2bn

www.redalpine.com

Executive Summary

Redalpine is a Zurich- and Berlin-based, multi-stage venture capital firm that specializes in the convergence of software and science. Founded in 2006, the firm takes a pan-European approach to investing, deploying a unique thesis-driven model backed by a team evenly split between scientists and operational experts. Notable investments include N26, Taxfix, and Memo Therapeutics.
